

 AT THE END OF THE DAY 

*He has no money,
He has no fame,
He has a totally
unrecognizable name.*

*I could speak out,
At least I could try,
but my rights are protected
by the best money can buy!*

*He's not my family,
so why should I care?
My family is wealthy,
they would not dare!*

*He's just not worth it,
why waste my time?
Saving his life
is of no benefit to mine.*

*He's just a nobody,
he can be thrown away.
My life is unaffected
at the end of the day.*
