

### Trash Bags

At least 3 paper trash bags were found around the body, or the clothing. Officer Adkins said the bag containing David's clothing was marked "Imperial Foodtown" and that there were bags marked "Imperial Foodtown" on the kitchen counter in Keith's trailer. (TT: 627)

Since paper bags were common at that time and could have come from anyone, or anywhere, I started out thinking they were unimportant.

That was before I read Jack Joyce's report. Mr. Joyce specifically states that the bag containing the clothing was marked "Kroger", which would not have matched any bags from Keith's trailer. As stated earlier, neither Jack Joyce nor his report appeared at trial. I am certain this is one of the reasons why. (see coroner's investigative report)
