Sir:

12:30 a.m. reporting officer received the following information pertaining to the homicide which occurred between 2-5-82 and 2-6-82.

Approximately 7:00-7:30 p.m. 2-5-82 Lori & David Johnson (formerly from 2791 Kreitzer Road) dropped their sister and Mike Johnson off at Judy Tabor's (a sister) residence in Gordons Mobile Home Park. Somewhere between this time Mike Johnson and Ted (possibly Ted Page) of said trailer court were seen with the deceased David Rowell, walking down Kreitzer Road. Between 8:30 - 9:00 p.m. subjects went to a trailer in Gem City Trailer Park. A subject by the name of Keith and two new boys in the trailer park, were at the residence. (The subjects were drunk and rowdy as stated to Mrs. Johnson by Mike). One of the subjects made an advance toward Mike. He and Ted left the residence and went to Andrew Choate's residence on Holman Street. Mike stated to his mother that he had been at the scene of the crime when the police discovered the body and he observed a white towel lying by the body. He had seen it draped over a chair he was sitting in at Keith's trailer. This information was told to Mrs. Johnson's sister by Mike Johnson's mother. The two unknown males in Keith's trailer now reside at Duke Bangerts old address on School House Lane.

Contact was made with a cooperative at Moraine Meadows School on 2-10-82 and the following information was learned.

David Rowell's best friends: Roy Elam, 2801 Gladstone

John Harrell

Langston McQueen, 2832 Gladstone St.

Cooperative stated that David had a filthy mouth, that he uses too many four letter words and gives the impression to adults that he is ok, but when around kids of his own age he plays a different roll. Cooperative stated that David was scared to go to Junior High, and he wanted to stay in the 6th grade. Cooperative stated that this was probably due to his small build and figured that the bigger kids would pick on him. Cooperative stated that an incident took place a while back involving the parents. Cooperative stated that the mother is a religious nut, who has dual personality and tried one day to get the kids out of school, that someone was going to kill them. Cooperative stated that the mother appears to be mentally unbalanced, and this problem was resolved when the father was contacted and he advised not to give the kids to her.

Cooperative stated that David came to school in the middle of the 4th grade and this was in August of 1979 and he came from New Carlisle Ohio. Cooperative stated that if he/she hears any information concerning this incident that he/she will call the Moraine P.D.

Typed copy of written statement by Sharon Gilbert, WF, 2628 Holman Street, Morrilton, AR, given in the presence of Ptl. R. J. Schmidt:

At around 7:00, October, 1981 (beggars night), was passing out candy. A boy came to the door looking for Mike Johnson. I said he wasn't home and he asked the biggest one had a knife slid up the sleeve of his jacket. When my son came back, I saw him looking for Mike. When my son came back, Mike and this boy was with me. He was introduced as Keith. They told me he lived in the trailer court. He took the knife from his coat sleeve and said he was trying to sell it. He left a short time later. This time he'd slid the knife down the waist of his pants.

She was then shown the two photographs of the white towel and she stated that she did not recognize this at all. She stated that she could check down in her basement to see if she had any others with the same design. This officer went into the basement with Mrs. Gennette and viewed her towels that she had stored in a back room. None could be found that had the same type of design. Mrs. Gennette and this officer then went back into the livingroom and she was asked the brand name for her towels, and she stated that she buys Cannon Towels. She stated that she had given Cecil, her brother, Charles Cecil Wampler, some pink, blue, yellow and green towels. She stated she was not sure on the white towel. She stated if she could see them in person she could tell or not if they were hers or not. Contact was then made with Officer D. Adkins of Moraine P.D. and he stated that the mentioned towels were still in the crime lab. It was arranged that this officer, P.O. Adkins, contact Mrs. Gennette after the Crime Lab was finished processing the towels mentioned.

Sir:

Det. W. L. Mullins received a call from Charles Wampler. During the conversation, Mr. Wampler was advised that a green toilet tank cover was found in the field, west of residence on 2-12-82. Mr. Wampler asked if he was missing the cover and he replied he was not. Mr. Wampler does have a green cover over his toilet and advised that he would come and check. Mr. Wampler gave his consent to search the trailer and take anything we wished from it.

Reporting officer responded to 2753 Coxy Lane, Mobile, Alabama residence, and was met by Mr. Wampler who invited him into the trailer. Mr. Wampler advised this officer that I could search the trailer for anything I wanted to from it. Reporting officer advised Mr. Wampler that he had a right to refuse to any search and that the trailer could be used in prosecution of his case. Mr. Wampler understood and insisted this officer do whatever he wanted to bring this situation to a close. Mr. Wampler gave his consent to search form which he read and signed.

Reporting officer checked the bathroom of 2753 Coxy Lane, and found a green 2-piece tank cover on the toilet which appeared to be the same as was recovered from the field. The toilet lid did not have a cover on it. The two pieces were collected. The toilet tank lid was removed and a red stain was found on the bottom of the lid and also on the back portion of the tank above the water level. The lid was collected and samples of the stain, which had the appearance of blood, were collected.

The reportee pointed these scratch marks out to Wampler and asked where did you get these scratch marks at? Wampler replied "what scratch marks?" The reportee again pointed out the scratch marks to Wampler who replied "I don't know where they came from." The scratch marks appeared to be fresh and similar to the type a person would receive from a briar bush from the reportee's observation and past experience.

Sir:

Reporting officer and Det. W. L. Mullins arrived at the Montgomery County Morgue at approximately 8:30 a.m., 2-7-82, for the postmortem examination of Robert David Rowell. The autopsy was performed by Dr. Donald Schaffer and was begun at approximately 9:00 a.m. Dr. Schaffer and Det. W. L. Mullins entered the examination room at approximately 10:30 a.m. after Dr. Donald Schaffer had completed his preliminary examination. Dr. Schaffer pointed out several areas of trauma on the body of Robert Rowell. There was hemorrhaging to the extent of bruising which according to Dr. Schaffer indicated possible strangulation. There were antimortem (pre-death) contusions to the face, nose, upper and lower leg, and the left buttock. The blows to the head were minor and did not cause cerebral hemorrhage. There was trauma to the mouth which also indicated strangulation. Dr. Schaffer stated there was no great trauma before death.

The victim's penis, scrotum and testicles were castrated, but all were intact together. A small portion of the scrotum remained on the body. The size of the penis and scrotum were in relation to the size and age of the body. The area where the castration took place appeared to have been cut in several different cutting angles indicating several cuts were made during the castration. The castration occurred after death. The anal area of the body had tears and also bleeding had taken place prior to death. There were several post mortem (after death) abrasions in the form of scratches on the body, mainly on the left side of the body.

Sir:

On 2-9-82, at about 3:00 p.m., Charles Cecil Wampler, the suspect's father appeared on post and spoke to this officer and Chief G. M. Carmichael. Chief Carmichael advised Mr. Wampler that the case had been discussed with the Montgomery County Juvenile Court Prosecutor and the Prosecutor acknowledged there was probable cause to hold Charles Keith Wampler in connection with the death of Robert David Rowell. He was advised his son was being taken to the Montgomery County Juvenile Court and detained and he would have to attend a detention hearing for his son on Wednesday, 2-10-82, at 1:30 p.m.

Mr. Wampler was very cooperative stating if his son did kill the boy he should be charged and convicted. Further, if his son did it, he has a mental disorder and needs help. Mr. Wampler advised he would cooperate with this department fully and in any possible way in its investigation of the homicide.

Reporting officer advised Mr. Wampler, that a hair had been found at the scene of the crime and I wished to collect several of his head hairs to be used for comparison purposes. Mr. Wampler stated he had no objections and provided this officer with a collection of his head hairs.

Mr. Wampler was then advised that some of the items of evidence were found on or about the victim and the victim's clothing that this department felt came from his trailer of 2753 Cozy Lane where we felt the homicide had taken place. Mr. Wampler was asked if this department

and the Miami Valley Regional Crime Lab personel could enter his trailer to conduct an additional search of the trailer and his exterior storage shed and to remove any items that may be felt to have a connection to the investigation. Mr. Wampler was advised that any evidence found could be incriminating to his son and would be used against him in court to prove the charges of aggravated murder and rape or any other charges resulting from the investigation. He was further advised of his constitutional right to refuse the consent to search and had the right to keep us from going into his residence. Mr. Wampler stated readily that he had no objections what-so-ever to this department or anyone searching his trailer and that we could remove anything we wanted from it or the shed. He stated he realized it would be used against his son if found to be incriminating. He further stated we could go in his trailer at anytime we wished and gave this officer his trailer key.

Mr. Wampler was given the consent to search from which he read and signed with the date and time. Mr. Wampler advised he only wished to get to the truth.

Monday, 2-15-82, 11:44AM - While the reportee and Sgt. J. D. Wynne were in Gordon's Trailer Court, 2791 Kreitzer Road, Moraine, Ohio, we were flagged down by Ted Ritchie who stated that Keith's father, Charles C. Wampler, had been to his trailer accusing him (Ted) of killing Robert David Rowell and framing his son (Keith) by stealing the towels from his (Charles') trailer and putting them on the body of Robert David Rowell to make it look like his son (Keith) had committed the murder.

Shortly thereafter, Charles C. Wampler drove through in his car and stopped. He (Charles C. Wampler) came over to the reportee and Sgt. Wynne. He (Charles C. Wampler) stated that the towels were his and they stole them. He (Charles C. Wampler) then pointed to Ted Ritchie and said "I'm going to make a citizen's arrest. I want him arrested". The reportee explained to him (Charles C. Wampler) that the Police Department was handling the investigation and that he (Charles C. Wampler) would give any information to the Police Department and the information would be checked out. He (Charles C. Wampler) said if something isn't done soon, he would go to TV-7. The reportee and Sgt. Wynne then explained to Charles C. Wampler that the investigation was continuing. The reportee and Sgt. Wynne then asked him (Charles C. Wampler) if he would take a polygraph examination, to which he (Charles C. Wampler) stated "I'm not taking one, never have and my son (Keith) isn't taking one either".
